

Make it a Date Night by Alexa Atkinson

Wedding planning can be exhausting and we know that a romantic getaway is all you need to take the stress away. We selected some of our favorite spots on the South Texas Coast for a great date night that could include everything from boat tours to foodie favorites.

Art Center of Corpus Christi (artcentercc.org):

Get cultured downtown and explore The Art Center! You can stroll hand in hand with your fiancé around the bayfront courtyard and inside the many galleries looking at fascinating artwork. Take an art class together, choosing from a large variety, from oil painting to poetry. You could spend some time in the expansive gift shop, and don't forget to stop by the restaurant located inside, after you explore this stunning spot.

K Space Contemporary (kspacecontemporary.org):

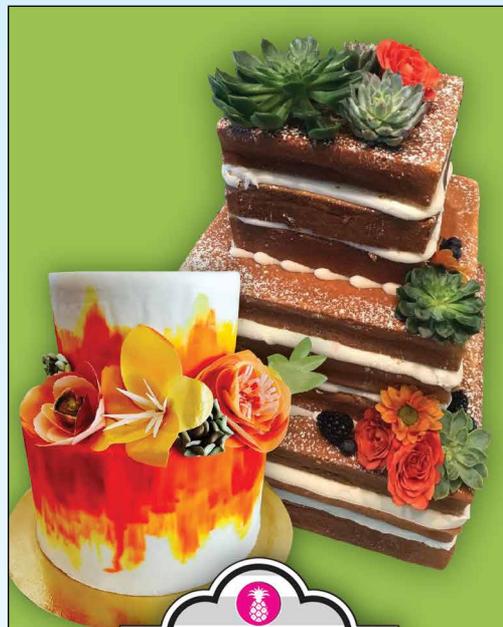

While you are downtown, grab a scooter and continue your gallery tour over to K Space on Starr St. The oldest alternative art space in the area, K Space always has an exciting exhibition, plus educational programs for all ages, film viewings, and don't forget to stop by the gift shop!

Harrison's Landing (harrisonslanding.net):

Sunny days are ahead of us, which means relaxing by the water. Enjoy margaritas and Harrison's famous fish tacos while relaxing on the boat and enjoying the ocean views. Yes, we said that correctly! Did you know that Harrison's is located on a boat? They also just opened up a new opportunity for everyone to enjoy. You can now set sail on **The Texas Tease**. They have everything from night cruises to a Sunday brunch!

Bourbon Street Candy Company (bourbonstreetcandycorpuschristi.com):

Be one with your inner child and indulge in all the candy you can imagine and spend your wedding cheat day at the candy store! Bourbon street candy company is the sweetest experience in town and who doesn't love candy? Visit them upstairs near Dillard's in La Palmera Mall.

The Omni Corpus Christi Hotel (omnihotels.com/hotels/corpus-christi)

Get romantic and enjoy an exquisite dinner at The Omni. They have multiple upscale restaurants to choose from that offer gourmet food your taste buds will love! Ask Chef how he uses produce from the local farmer's market! If you want to make a whole weekend out of it, you can book one of their newly renovated rooms plus book a massage while you're there!

Texas State Aquarium (texasstateaquarium.org):

Spend the weekend with the dolphins! Enjoy the many exhibits that the Texas State Aquarium has to offer. You can also get up close and interact with some of the animals. If you love animals then this is the perfect spot for you, and hey, if you fall in love with the venue, you may even decide to book your wedding here!

No matter what you choose for a date, we know that you will have a blast because you have your fiancé by your side! Don't forget to follow The One on Facebook so you can keep up with more date night ideas!

A unique, quaint and affordable setting for your event! Plus we offer event planning, decorating, catering, photography, chalkboard art, floral and beauty services! Check us out!
